

Chautauqua Lake Elementary School

Models of Learning

In-Person

All students pk-6 attend school in-person in accordance with NYS Dept. of Health guidelines.

Master schedule is *mostly* consistent with past years (i.e. M--F specials, AIS push-in/pull out, ~80 minute blocks for gr. 4-6).

In-person days will focus on new, core instruction using "Power" Learning Standards.

Hybrid

A Day/B Day schedule for all students pk-12. Students will be divided into two groups, keeping siblings together. Special schedules will remain Mon.---Fri.

Students will work from home on the opposite day, focusing on independent and supplemental work, and individualized supports.

Remote

All students pk-6 will be required to learn from home in accordance with NYS Dept. of Health guidelines.

Teachers provide daily interaction and instruction to students & small group or 1:1 conferences for additional support.

Special areas will be available via remote learning platforms; teachers will interact with students daily.

Students will be trained on tech and routines, using consistent LMS and communication tools.

Students will remain in cohorts and consistent classroom spaces as much as possible.

Student desks are 6 ft. apart. Masks or barriers must be used when 6 ft. can't be maintained

Tier 1 SEL instruction will be prioritized across pk through 6.

Consistent weekly schedules will be provided to parents and students.

For departmentalized grades, small groups will be assigned a specific point person to provide extra instructional support.

SEL instruction will be embedded AND available to access on remote days.

In-person attendance for special education and elementary students will be prioritized.

We will make sure teachers know how to use online learning and have necessary equipment.

We will answer questions at the time of training.
