MESSAGE FROM THE SUPERINTENDENT

- A CULTURE OF EXCELLENCE -

Dear Chautauqua Lake School Community:

We are very excited for the 2022-23 school year and are grateful for the remarkable community support our students and district consistently receives. Your support enables us to provide an exceptional learning environment. Our district's overall objective is to establish "A Culture of Excellence" that is focused on providing a variety of dynamic educational opportunities that make our community, parents, and students proud!

In preparing for this coming year, our leadership team and instructional staff placed an increased emphasis on improving our academic programming and student achievement levels. Teams comprised of elementary and secondary teachers established measurable priorities that align with our six district goals and our overall mission. The 2022-2023 school year will begin with a campus-wide initiative to establish individual goals that align with these building priorities. Our faculty and staff will also create professional learning teams that will develop goals that ensure our continued growth and connection to community and real-world experiential learning. We will include our buildings & grounds team, support staff, transportation department and cafeteria crew in developing their own measurable goals that are school environment and culture focused. At the end of the school year all our staff members will showcase their final work to their fellow colleagues and our board of education. This goal focused process requires all our professional learning community members to work together to keep our district moving forward and ensures our students receive highly-effective instruction.

We are blessed to report that a high percentage of our Capital Project work is nearing completion with a few areas scheduled to be finalized throughout the fall months and into early winter. When we first developed our Capital Project plan we established three primary objectives depicted below:

- Preservation of district investment in facilities, buildings and grounds

- Increased health and safety infrastructure throughout the district
- Enhanced student programming and learning experiences

We are proud to share that we have successfully met each of these objectives. Critically important building systems and infrastructure repair has gone extremely well with our district already running more efficiently than in the past. Our building envelope upgrades, cafeteria enhancements, technology program expansion, and athletic and site facility improvements have all gone smoothly and will enable us to be a destination district for many years to come.

The CL Leadership Team would like to extend our sincerest gratitude to the members of our professional learning community for their valuable contributions that shaped our Back to School 2022 plan and the continued enhancements of our academic programming. We will continue to do everything we can to provide educational opportunities that enable our students to achieve their highest potential in a safe and caring environment. It is a great time to be part of our Chautauqua Lake family!

If you have any questions, concerns or comments throughout the year, feel free to email me at jliddell@clake.org or call the District Office at (716) 753-5808.

Respectfully,

Joshua E. Liddell Ph. D.

Superintendent

The Thunderbird Athletic Club (TAC) operates the concession stands at various sporting competitions, sponsors fundraising events, provides food at several annual tournaments and sells apparel. All proceeds are used to solely benefit CLCS student-athletes and the athletic programs. This fundraising occurs only when help is available.

Parent and student volunteers wanting to assist with the concession stands contact Staci Klossner at 716-397-4429 or sklossner@clake.org. This is a great way to earn student community service hours! The TAC officers for 2022-23 are:

Use of Surveillance Cameras

The safety of students is of the utmost importance. Chautauqua Lake Central School uses surveillance cameras in many areas of the building and grounds to allow us the ability to capture and record inappropriate and suspicious behavior. During the school day video monitors allow receptionists to view and speak with visitors before they enter the building. The district has collaborated with emergency responders to permit camera access in the event of an emergency. If you have questions or concerns about school safety or the use of surveillance cameras, please contact your child's school principal.

Athletic Events - Pursuing Victory with Honor

Chautauqua Lake Central School offers free admission to all home athletics contests (excluding playoffs and tournaments). The athletics calendar is updated daily on the district's website at www.clake.org. Those who wish may register on the athletics calendar website to receive email notices of changes to the athletics schedule. Schedules of athletic events may be requested from any school office or printed from the online calendar.

Dignity For All Students

The District condemns and prohibits all forms of discrimination and harassment of students based on actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender, or sex by school employees or students on school property and at school-sponsored activities and events that take place at locations off school property. In addition, any act of discrimination or harassment outside of school sponsored events, which can reasonably be expected to materially and substantially disrupt the education process, may be subject to discipline.

Students or adults witnessing or in knowledge of any act that could be considered harassing or intimidating to others are directed to report such incident in a timely fashion, to an administrator or a DASA coordinator for investigation. DASA Coordinators: Kara Smith & Katrina Cummings

School Safety Tip Line

To increase information sharing and enhance school safety, Chautauqua Lake Central School has established a School Safety Tip Line. This line is available for the sole purpose of leaving recorded messages for school staff about concerns regarding school safety. The tip line number, (716) 753-5803, is listed on the back cover of the District Calendar and each issue of the Navigator.

The tip line uses voice mail technology to record a message of up to two minutes in length. Messages are checked daily. For security reasons, the tip line may identify the telephone number from which the call is placed.

Students, staff, and community members are invited to call with tips that might assist in promoting school safety. To share information of an urgent nature, please call directly to a school office and/or the local authorities.
